When scheduling service from utility companies, please make appointments between the hours of **9:00 AM and 3:00 PM, Monday through Thursday**. Have the company notify our office at 215.662.1500 when in route to the premises.

Please note that we **cannot** give any of the utility companies entrance to your apartment; API can only allow access to the locked areas of the building where the utility boxes are. If entrance to the apartment is needed for the utility companies, you will have to schedule service at a time when you will be available to let them in. Thank you.
